Register Your RFID

RFID Fob Registration

Congratulations on your new charging station!

Please fill out the form below to register your RFID fob, this will enable our support staff to remotely pair the fob with your EV charging station. Then, you'll be able to Tap and Charge.

Allow **1-2 business days** for the fob to be paired to your charger.

Once activated, plug the connector into your car, then hold your RFID up to the front of the charging station and listen for the beep, this will begin your charging session.

If you need assistance in this process, contact: support@electrumcharging.com.
